### OVERVIEW

The 72 Sports Motor Yacht design helps luxury motor yacht owners fulfill these dreams, offering the exhilaration of supreme sports performance as well as fantastic interior flexibility with a wide array of luxury lifestyle features to enhance precious time aboard. For example, the spacious sports-inspired cockpits of both models have copious storage solutions and the elevated mezzanine, at the very heart of the entertaining space, includes a massive dining and entertaining area as well as direct access to the day head. There is also thoughtful connectivity to the central gourmet galley, positioning the chef right in the heart of the very social environment. "The Sports Motor Yacht collection - with the 72 model offering even greater space in the cockpit - offers fully flexible accommodation plans with a choice of three or four staterooms, including full-beam master stateroom with private ensuite. There are options for a teenager's retreat, crew qu...
